Volunteer Leader Candidate Questionnaire

The Review Committee will look at several factors in their selection of candidates for positions, focusing on who demonstrates the most promising leadership and what experience they have in their selected area of interest in volunteering. All positions require CMAA membership. For leadership positions, the Review Committee will focus on what experience a candidate has to govern. This process ensures the candidates have proven abilities. This is not about who the candidates know or what special interest groups they represent.

Name: _____ Professional Title: _____
